

**Backyard** ADVENTURES  
*your backyard...their adventure*

## Welcome to Backyard Adventures

Thank you for including us in your search for a new play set! As you browse through our catalog, you'll focus first on all the things every parent holds dear – the safety features, the durable construction of our play sets, the variety of accessories and configurations, and the innovative value.

Families all over the world have found there's more to a Backyard Adventures play set than you might immediately notice. There's fitness and exercise, fresh air and time with friends, laughter and imagination, physical and mental development, learning and education. Most importantly, your experience at one of our dealer showrooms will bring to life all the benefits of owning a Backyard Adventures play set.

No catalog could possibly hold all the customized configurations available, so we encourage you to visit your local Backyard Adventures dealer. There, knowledgeable play set designers will work with you to customize the system that's right for your family, your budget, and your backyard.

At Backyard Adventures, we realize you have many choices when shopping for a new play set. We invite you to visit one of our unique dealer showrooms and experience the excitement for your family. We genuinely appreciate that you've included us in your search, and we're confident that you'll ultimately choose Backyard Adventures... let the fun begin!

# TABLE OF CONTENTS

• Dealer service – Your local dealer is the most valuable asset when choosing a play set for your family. Their friendly staff members are product experts, trained to teach you the most relevant information about selecting a backyard play set. Visiting a dealer is fun for the whole family, so take your kids and experience all Backyard Adventures has to offer.

1 Wood – Backyard Adventures uses all cedar wood, a premium lumber for outdoor use. Our cedar is free of toxic chemicals and certified to meet and exceed all ASTM standards for play set construction materials. Our lumber suppliers practice sustained forestry to ensure long-term renewability and a healthy environment. Our cedar is superior in strength and durability so your play set will last longer. Cedar is naturally resistant to bug infestation, rot, and decay.

2 Flex walls – Our flex walls represent Backyard Adventures' commitment to innovation and simplicity. Now you can easily add accessories anytime by simply removing a flex wall panel to create an activity zone.

3 Compression clamps – The key structure joints on our Treehouse Series and many accessories are secured with compression clamps for incredible strength. Our compression clamps have tested twice as strong as traditional bolt-through joints.

4 Floor joists – Treehouse floors are built just like your house! Our floors are noticeably stronger, ensuring safe play for years to come.

5 Steel swing supports – The steel top plate and side strips are additional safety features against board failure.

• Space savers – Our space saving play sets and features create the most play value in small spaces. Ask your local dealer to design a space saving play set for your side yard or corner play space.

6 Thick chains – Our exclusive 1/4" powder-coated chains are noticeably thicker and stronger.

# BEST OF BACKYARD ADVENTURES

7 Safe slides – Our exclusive Rocket Slide is intelligently designed with high side walls and a safe exit so even your younger children can slide with confidence.

8 Flat ladder steps and hand rails – All ladders are standard with flat steps with hand rails. This is always the safest way into a fort structure for children of all ages.

9 Adjustable height swing beams, monkey bars, and forts (Peak Series) – Our play sets are designed for relatively un-level backyards. We offer many features that adjust to fit the unique contours of your landscape.

10 Heavy duty swing hangers – Our commercial grade ductile swing hangers are the strongest swing hangers used on backyard play sets.

11 High quality stain – Our premium stain enhances the natural beauty of cedar and protects it from the elements.

• Marine rope (no splintering) – Our rope is considered marine grade for outdoor use. It does not splinter like cheaper ropes so little hands always have a secure, soft grip.

12 Safety grip chains – The chains on our belt swings, infant swings, and toddler buckets are specifically designed for smaller hands with a comfortable rubber coating.

13 Gusset supports – Gusset supports at key structural joints lock pieces into place, eliminating unnecessary movement in the play set.

14 Arched walls – Arched walls make entering a play set easier and create a safe play area by not leaving our forts wide open.

15 Grab handles – Grab handles are strategically placed around the play set to ensure a safe play experience for your children.

• Quarry Climbers – These incredible rock climbing holds were hand sculpted by professional rock climbers. Quarry Climbers can be rotated to change the climbing experience as your children get older.

• Modular designs – Backyard Adventures play sets are the most modular designs available. Visit your local dealer showroom to create a customized play set that's perfect for your family, backyard, and budget.

• Engineered beams (timbers) – Backyard Adventures uses engineered beams for major structural components providing additional strength and durability. Engineered beams experience less checking and warping than traditional timbers. Our engineered beams are built just like the ones used in many commercial and residential construction projects. Our timbers are fully tested for outdoor use and come standard with a life-time warranty.

• Best warranty – Backyard Adventures warranties lead the industry in providing total customer satisfaction. We stand behind every play set we put our name on so you can be confident in your choice to own a Backyard Adventures play set.

## Visit Your Local Dealer

When it comes to playtime, one size does not fit all. That's why each Backyard Adventures dealer offers a variety of play sets in many price points. With your family's input, it's easy to create the perfect backyard playground for years to come.

The art of play set design begins at your local Backyard Adventures dealership. There, a professional designer will learn about your family's favorite activities - which will quickly become obvious if you bring the kids to the showroom. They will help you determine which Backyard Adventures product from the Treehouse, Peak, Explorer, or Expedition series best fits the needs of your family.

Your dealer will learn about your yard and provide many play set options designed to work with your unique landscape, always keeping in mind the need for a safe play space. Many dealers will even visit your home to take measurements and help you pick the right spot! Once you've selected your new play system, your dealer will schedule a convenient time to assemble your play set right in your backyard.

At Backyard Adventures, we constantly push the boundaries of play set design. Each modular Backyard Adventures play set is inspired by the needs of your family, your backyard, and your budget. We're confident you'll be completely satisfied with your dealer experience, and we are proud to associate our name with your local dealer.

# VISIT YOUR LOCAL DEALER

Your visit to a local dealership is a valuable experience that no other play set retailer can match. Stop in. It might be the most fun you've ever had shopping with your family!

Visit our Dealer Locator at [www.backyardadventures.com](http://www.backyardadventures.com) to contact a dealer in your area.

Backyard Adventures has been designing and building play sets for over 25 years. In all this time, the most important lesson we've learned is to focus on total customer value. For us, value is many things: Quality, Durability, Safety, Good Prices, Fun, Excellent Service, and Ease of Installation.

Most recently we've learned that through enhanced product innovation, we can provide the highest value available. Innovation is a cornerstone of our company, and you'll see the results of creative ingenuity throughout all of our products.

Our innovative products, combined with service from your local dealer, guarantee a memorable shopping experience. We know your time is valuable, so you'll find it easy to shop for a Backyard Adventures play set. Our goal is to make designing a play set as simple as possible, without compromising quality.

Finally, we want you and your children to have fun with Backyard Adventures. Everything we do is focused on providing healthy fun for your family. Running, swinging, climbing, and jumping all build physical skills that improve endurance and develop coordination. Social play helps children develop decision making skills and build self-confidence. In addition, outdoor play improves your child's health and helps reduce the risk of childhood obesity. At Backyard Adventures we know that imaginative play is a child's work, and we build play sets that stimulate learning and creativity. As you consider our variety of play set options, we know you'll be satisfied with the Backyard Adventures play set you choose.

# WHY BACKYARD ADVENTURES?

Adventure Treehouse 1 (found on page 14)

Olympian Promotional Package 5 (found on page 34)

Over the years, hundreds of parents have told us that as much as they'd love a new Backyard Adventures play set, their yards were just too restrictive to accommodate a fort, swing beam, slide, and accessories. So this year, we're highlighting our most popular configuration designed exclusively for smaller spaces.

For example, the Adventure Treehouse with 2 Position Accessory Arm (shown above) is loaded with fun activities and perfect for a corner yard location. This play set has all the same quality and safety features as any other Treehouse design.

Space Saver play sets may be smaller, but they don't compromise play value! Together with your local Backyard Adventures dealer, you can create many play set configurations with the same features and accessories of our regular sized sets in a more compact design.

Space Savers will fit in almost any yard, and still leave room for the surrounding safe area around the play set. Visit your local Backyard Adventures dealer to learn about the ultimate space-saving flexibility of our compact play sets and accessories!

Free-Standing Single Beam (found on page 65)

# SPACE SAVERS

90° Mega Slide

Straight Mega Slide

Backyard Adventures is very excited to introduce the all new Mega Slide for all Treehouse and Peak play systems! Just like it sounds, the MEGA slide is huge and designed for limitless combinations of sliding fun.

The Mega Slide can be configured as a straight slide, 90 degree turn slide, or a spiral slide. All turns can be clockwise or counter-clockwise, plus the Mega Slide can attach to a 5', 6', 7', 7 1/2' or 8 1/2' deck height. This means the Mega Slide will fit in almost any play space with a variety of configuration options.

Your local Backyard Adventures dealer can help you design a Mega Slide to perfectly complement all of your other play features.

Spiral Mega Slide

# MEGA SLIDE

Straight Mega Slide, Spiral Mega Slide,  
and 90 Degree Mega Slide

The Treehouse Series is our most popular line of play sets with unlimited possibilities! Treehouse play sets are designed for parents and children to play together.

- Most modular
- Highest quality features
- Vertical leg design for playhouses, picnic tables, or sand boxes
- Deck heights 4', 5', 6', 7', 7 1/2', and 8 1/2'
- Swing heights 8', 9', and 10'
- Slide Lengths 10', 12', and 14'
- Connect more than one Treehouse with a Bridge

The Backyard Adventures Treehouse Series is the world leader in total value. Our Treehouse play sets have been tested for over 25 years and continue to live up to the expectations of families around the world. We've redesigned our Treehouse series to give you the highest quality, easiest to customize, best priced Specialty play set available.

We've also incorporated our best engineering and highest quality materials into our Treehouse series. We use 100% cedar for long-lasting durability and back every Treehouse play set with our Limited Life-Time Warranty. Our compression clamps are the strongest construction system and have been tested to be more than twice as strong as non-clamped joints. In addition, these compression clamps make it easy to add higher levels as your children grow.

A Treehouse play set is an investment in your child's future. You'll see firsthand how your children become stronger, healthier, and happier as they play on a Backyard Adventures Treehouse. Ask your local dealer to help you create a custom Treehouse that will make lasting memories for you and your children.

# TREEHOUSE SERIES HIGHLIGHTS

**TITAN TREEHOUSE**

“Recently, my brother-in-law asked me “When are you going to get rid of your Backyard Adventures play set?” My boys are now 20 and 18 and live 500 miles away at college, so it’s a legitimate question. However, the answer is a firm “never”. My husband and I have fond memories of Santa delivering the set one Christmas Eve, summers camping out in the fort, and hours spent watching the boys struggle across the monkey bars. When I open my bedroom drapes each morning, just seeing the play set brings back good memories. Last summer I heard giggles one morning coming from my backyard. I peeked in the yard and there were some little boys I didn’t know swinging away. (They don’t have to sneak into the yard because I love waking up to happy sounds). We hope to be blessed with grandchildren, and get to watch from my kitchen window another generation playing, laughing, and enjoying being outside.”

Nancy S.

“The new play structure is great! All the neighborhood kids have been enjoying it, along with our son. I want to thank you for the great job you did. The structure is so solid, high quality, and looks nice too. Your staff was very professional, friendly, fast, and courteous, and they really know their stuff. We are very happy with the product and service we received.”

Renae D.

“The play structure is awesome - we are so very pleased with its construction and appearance, and our kids are beyond thrilled with it. Please pass along our thanks to Dave for his help with making sure it fit our backyard, and especially the guys who were out here installing the set. Everyone has been truly terrific.”

Anita J.

“It is wonderful! I didn’t see my 6 year old for two days since he has been living in the cottage. He has been reading in there, eating meals and he’d sleep in there if I let him. We are very happy with the play structure.”

Margaret

“12 years ago we purchased Backyard Adventures for our then 2 yr. old grand-daughter. Fast forward and the set is still being used by our 5 and 2 yr. old grand-daughters, has been moved several times and is still in great shaped. It was and continues to be a great investment. Thank you so much,”

Kathy B.

“Thank you for coming to our home and helping us design a play structure for my son’s birthday. It has been a wonderful and beautiful addition to our home. Connor plays on it constantly. He loves it!”

Tara M.

# TESTIMONIALS

Our Treehouse Series is the most versatile play set system in the world. You can create limitless combinations from our most popular Treehouse forts, enclosures, and accessories. As a special promotion, we've taken some of our most popular Treehouse features, the Playhouse Package and Porch, and created eight promotional packages loaded with play value.

All of the promotional packages shown, can still be customized with additional accessories. This means you can add rock walls, monkey bars, gang planks, or many other accessories to create the perfect play system for your family.

The Olympian promotional packages include a 9' high Super Single Beam and a 12' Rocket Slide (except package 5 which is a space saver model), and the Titan promotional packages all include a 10' Turbo Single Beam and a 14' Rocket Slide. The sky is the limit as to what else you can add to your Treehouse package!

Please contact your local dealer for more information about our special promotions and prices, as availability may vary by dealer.

# COMBO PLAY SETS

Want to turn a large yard into a neighborhood playground? Attach two play sets (or more) together to create a monster playground with enough activity for the whole neighborhood! The Adventure Bridge, a Backyard Adventures exclusive, was designed to connect multiple play sets safely and with maximum play value in mind.

The Adventure Bridge is more than just a connection point for two or more play sets; it's a play area in and of itself. The Adventure Bridge is a perfect place for a ship's wheel, binoculars, telescope, periscope and of course, endless imagination. And the large area underneath the Adventure Bridge can provide ample room for a tire swivel swing.

Visit your local Backyard Adventures dealer to experience the limitless possibilities of play set designs. Our dealers' creative ingenuity has produced some of the most magnificent play sets ever imagined!

Note: The points of connection for the two play sets must have the same deck height, and design considerations may affect the point at which your two play sets are attached.

## COMBO PLAY SET

# COMBO PLAY SETS

The Peak Series is loaded with some of our most popular accessories and is designed to adjust for relatively un-level yards. Peak play sets are constructed for parents and children to play together.

- Modular design
- Tarp and Wood Roof options
- Highest quality features
- Angled leg design for tire swivel swing
- Deck heights 6' – 8 1/2'
- Swing heights 9' – 10'
- Slide Lengths 12' – 14'

The Backyard Adventures Peak Series was created by taking the best of all of our previous angled leg units and combining those features into the Peak. The larger 6' X 6' deck size is huge, and the taller head room makes this a perfect play set for you and your children. You'll be amazed how much room you'll have while playing in one of our Peak forts.

The Peak series comes standard with our most popular climbing options: rock wall, chain ladder/flat-step ladder combo, and accessory arm with rope ladder. You also get a tire swivel swing and an accessory arm with trapeze bar with every Peak unit. Your local dealer will help you customize your unique design with swing beams, slides, monkey bars, and lofts.

When you compare our Peak Series to other angled leg swing sets, it's easy to see the incredible value we've built into our Peak play sets. No other similarly designed system will provide the same combination of play value, quality, reliability, and fun.

# PEAK SERIES HIGHLIGHTS

Peak Series play sets are designed with un-level yards in mind. Both the Peak fort and the Peak single beam have built in adjustment features to accommodate almost any backyard terrain.

Your authorized Backyard Adventures dealer can even order two different lengths of Peak fort legs or Peak single beam legs for safe installation on a sloped yard (some restrictions or limitations may apply).

Be sure to consult with your local dealer to design a Peak play set that will enhance the unique landscaping of your backyard.

\*Additional fees may apply for un-level yard installations.

# PEAK SERIES FLEXIBILITY

The Explorer Series is the perfect balance between price and value. It is a high quality series with many heavy-duty features like the Treehouse and Peak play sets. Explorer play sets are designed for children of all ages and provide the ultimate combination of quality, affordability, convenience and of course, fun.

- Semi – modular
- High quality features
- Deck heights 5' – 6'
- Swing heights 8' – 9'
- Slide Lengths 10' – 12'
- Can add many Treehouse and Peak accessories

We've borrowed some vital safety features from our other play sets - notably, the steel strip on swing beams, heavy ductile swing hangers, thick gauge chains, and flat-step ladders. Each feature adds even more value to an already solid design.

The Explorer Series is comprised of two different fort structures, the Magellan and the Mountaineer, each with unique standard accessories. When considering an Explorer play set, first select your fort structure and your swing beam. Then choose from our selection of slides and decide which swing accessories will be best for your children. It's that easy to have the perfect play set for your family!

Compare the wood, accessory options, construction and design of similarly priced play sets and you'll see why the Backyard Adventures Explorer Series is the indisputable leader!

# EXPLORER SERIES HIGHLIGHTS

# CHECK LIST

The MAGELLAN base fort is loaded with excitement for your adventurous explorers! It comes standard with some of our most popular accessories, including a rock wall and a picnic table. We made the fort bigger with a 20 sq ft play area so your kids have extra play space for more fun and more adventure. You can also double the play space with the new Lower Enclosure (optional) or add a Magellan Tower (optional) with a 6' high deck. The Magellan Tower creates options for a longer slide or higher swings and comes standard with a 6' rock wall upgrade.

## More Levels and Fort Options

Our Expedition series is the most affordable family of top-quality play sets available. The Expedition Series is loaded with valuable features and is designed for children of all ages.

- Pre-packaged kits for easy design
- Unique options at great prices
- Deck height 5'
- Swing height 7 ½'
- Slide Length 10'

Each thoughtfully-designed play set is carefully crafted with your child's playtime in mind. From swings and slides, to rock walls, picnic tables, forts, and more, your child will find a variety of fun activities right in the safety of your own backyard!

Expedition play sets are priced similarly to the "mass produced" sets you might find at big box, home improvement, and toy stores; but with a number of distinct advantages over those budget-priced sets:

**Materials:** You won't find any pine or treated woods here – only strong, durable, beautiful Cedar.

**Installation:** Expedition play sets are conveniently boxed for do-it-yourself assembly, or for a reasonable price your local Backyard Adventures dealer can install it for you!

**Expertise:** Retail associates at home improvement stores aren't always trained to answer questions about their lines of play sets, but your local Backyard Adventures dealer will work closely with you to help you choose the right spot in your yard, discuss ground cover options, and select the right play set for your family and budget.

**Warranty:** Put our warranty against any other similarly-constructed play set and you'll come away with the peace of mind that your investment is backed by one of the most experienced manufacturers in the industry!

# EXPEDITION SERIES HIGHLIGHTS

# UPGRADED FEATURES

## Improved Swing Beam

- Adjustable Legs
- Stronger Hardware
- 2 + 1 Three Position Setup

The Expedition Single Beam has been completely redesigned for improved strength and stability. The 2 + 1 three position setup makes it safer for children to enjoy different swing accessories with more space between each swing. The longer single beam legs and heavier duty hardware add increased stability to the swing beam and the entire fort structure.

Additionally, the single beams are adjustable in height for un-level backyards, making this our most flexible Expedition swing design ever!

We offer many other swing accessories that can be added to your Expedition play set including gliders, infant swings, and toddler buckets. Talk to your local dealer to learn more about our improved Expedition Series.

## Ladder Hand Rails

We've added powder-coated steel handrails to our Expedition deck ladders, making them even safer. Your child will feel safe and secure climbing into their new fort with our flat steps and handrails.

# FORT COMPARISON CHART

Backyard Adventures dealers are experts at designing and installing our play sets to fit almost any backyard layout. The creative play set designers at your local store will take the time to understand the unique features of your play area. They will work with you to create the perfect backyard playground for your family.

Some Backyard Adventures dealers have perfected the art of custom play set design, and here you can see a few examples of their creativity. Our dealers can order special fort uprights in various lengths to create amazing play systems in the most unique settings.

If you feel your backyard is not suited for a premium play system, contact your local Backyard Adventures dealer before you decide on compromising for a smaller play set. You might just be surprised what one of our authorized Backyard Adventures dealers can do for your family and your backyard!

\*Additional fees may apply for un-level yard installations.

# UN-LEVEL YARD INSTALLATION

Choose the safest possible location for your Backyard Adventures play set.

It is very important to assemble your play set level, so it can rest securely on the ground. You should also maintain a safe play area around your play system. Ideally, any stationary component such as a fort, ladder, slide, or rock wall should be no less than six feet from any structure or obstruction such as a fence, tree, electrical wires, curbing, or a house.

Choose the most sensible ground cover for your dedicated play area.

You have many options when it comes to ground cover; to name a few, wood chips, sand, pea-gravel, or rubber mulch. You may also choose to just place your set directly on the grass or artificial turf. (Although grass is not the ideal cover for the safest play, it is common.) An absolute no-no is to place your play set over concrete or asphalt, regardless if you add any of the above listed ground covers.

Taking care of your play set is no different than any other big investment you make.

Periodic tightening of nuts and bolts will ensure the safety of your children while at play. In addition, an annual "tune-up" for your play set is highly recommended. Please contact your local dealer to inquire about their Service Program, which may include a complete safety check, play set cleaning, light sanding where needed, hardware tightening and last but not least, an application of Backyard Adventures original stain. By doing so, your investment is sure to last a lifetime!

Authorized Backyard Adventures Dealers ... Priceless.

Our Dealers are there for YOU! They are ready and willing to help you make the perfect choice when it comes to choosing your play set, location, installation, or ground cover. After you purchase your play set, your local dealer is just a call away to assist you in adding additional fun accessories or helping you maintain the luster of your play set. You can always purchase Backyard Adventures Wood Glow stain at your local dealer store. They can even move or assist you in moving your play set to a different location if necessary. We are proud of our Dealer network and know you will be as well.

# SAFETY & MAINTENANCE

## BACKYARD ADVENTURES LIMITED WARRANTY FOR TREEHOUSE, PEAK, AND EXPLORER SERIES BRANDS

This Limited Warranty applies to products manufactured by or on behalf of BACKYARD ADVENTURES®, Inc. under the Treehouse™ Series, Peak™ Series, and Explorer™ Series trade names.

All wood, Rocket Slides™, Super Slides, Turbo Slides, Mega Slides, powder-coated steel components, and hardware are covered by a Limited Lifetime Warranty, that is, they are warranted for so long as the original owner owns such parts, accessories and components against rot and decay or defects in workmanship and materials that affect the structural integrity of the parts, accessories and components. In the event of any rot, decay or defect during the period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

BACKYARD ADVENTURES®, Inc. warrants that this product will be free from defects in materials and workmanship for a period of five (5) years from the original date of purchase. This five (5) year warranty covers all parts not mentioned in the above Limited Lifetime Warranty. In the event of any such defect during the five year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

In addition, within the first 30 days from date of purchase, BACKYARD ADVENTURES® will replace any parts found to be missing from or damaged in the original packaging.

This warranty applies to the original owner and registrant only and is non-transferable. Regular maintenance is required to assure maximum life and performance of this product and failure by the owner to maintain the product according to the maintenance

requirements may void this warranty. Maintenance guidelines are provided in the Owner's Manual.

This Limited Warranty does not cover:

- Labor for any inspection.
- Labor for replacement of any defective item(s).
- Incidental or consequential damages.
- Cosmetic defects which do not affect performance or integrity of a part or the entire product, including surface rust and peeling or chipping of paint.
- Vandalism, improper use, failure due to loading or use beyond the capacities stated in the applicable Assembly Manual.
- Acts of nature including but not limited to wind, storms, hail, floods, and excessive water exposure.
- Improper installation including but not limited to installation on uneven, un-level, or soft ground.
- Minor twisting, warping, checking, or any other natural occurring properties of wood that do not affect performance or integrity.

BACKYARD ADVENTURES® products have been designed for safety and quality. Any modifications made to the original product could damage the structural integrity of the unit leading to failure and possible injury. Modification of the original product voids any and all warranties and BACKYARD ADVENTURES® assumes no liability for any modified products or consequences resulting from failure of a modified product.

These Limited Warranties apply to play sets purchased for and/or used in RESIDENTIAL USE ONLY.

This Warranty gives you specific legal rights. You may have other rights as well which vary from state to state or province to province. This warranty excludes all consequential damages, however, some states do not allow the limitation or exclusion of consequential damages and therefore this limitation may not apply to you.

# TREEHOUSE, PEAK, & EXPLORER WARRANTY

BACKYARD ADVENTURES LIMITED WARRANTY FOR EXPEDITION SERIES BRAND AND DEALER PRIVATE LABEL PRODUCTS

This Limited Warranty by BACKYARD ADVENTURES® applies to products manufactured under the Expedition™ Series name and all other products sold to Dealers intended for private label use.

All wood, Rocket Slides™, powder-coated steel components, and hardware are warranted for ten (10) years from the original date of purchase against rot and decay or defects in workmanship and materials that affect the structural integrity of the parts, accessories and components. In the event of any rot, decay or defect during the ten year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

BACKYARD ADVENTURES®, Inc. warrants that this product will be free from defect in materials and workmanship for a period of two (2) years from the original date of purchase. This two (2) year warranty covers all parts not mentioned in the above ten (10) year warranty. In the event of any such defect during the two year warranty period, BACKYARD ADVENTURES® will remedy the defect as described herein, without charge to the purchaser for parts, as soon as practical. The remedy will consist of repair or replacement of the product, or refund of the purchase price, at the discretion of BACKYARD ADVENTURES® after opportunity to inspect the alleged defect or photographs thereof. However, BACKYARD ADVENTURES® will not elect to refund the purchase price unless it is unable to provide a replacement, and repair is not commercially practicable or cannot be made within a reasonable time. All freight and labor charges will be the responsibility of the purchaser.

In addition, within the first 30 days from date of purchase, BACKYARD ADVENTURES® will replace any parts found to be missing from or damaged in the original packaging. This warranty applies to the original owner and registrant only and is non-transferable. Regular maintenance is required to assure maximum life and performance of this product and failure by the owner to maintain the product according to the maintenance requirements may void this warranty. Maintenance guidelines are provided in the

Owner's Manual.

This Limited Warranty does not cover:

- Labor for any inspection.
- Labor for replacement of any defective item(s).
- Incidental or consequential damages.
- Cosmetic defects which do not affect performance or integrity of a part or the entire product, including surface rust and peeling or chipping of paint.
- Vandalism, improper use, failure due to loading or use beyond the capacities stated in the applicable Assembly Manual.
- Acts of nature including but not limited to wind, storms, hail, floods, and excessive water exposure.
- Improper installation including but not limited to installation on uneven, un-level, or soft ground.
- Minor twisting, warping, checking, or any other natural occurring properties of wood that do not affect performance or integrity.

BACKYARD ADVENTURES® products have been designed for safety and quality. Any modifications made to the original product could damage the structural integrity of the unit leading to failure and possible injury. Modification of the original product voids any and all warranties and BACKYARD ADVENTURES® assumes no liability for any modified products or consequences resulting from failure of a modified product.

This product is warranted for RESIDENTIAL USE ONLY. Expedition play sets are designed for children ages 3 – 10. Under no circumstance should a BACKYARD ADVENTURES® Expedition™ Series product or any private label product be used in public settings such as schools, churches, playgrounds, parks, day cares and the like. Such use may lead to product failure and potential injury. Any and all public use will void this warranty. Backyard Adventures® disclaims all other representations and warranties of any kind, expressed or implied.

This Warranty gives you specific legal rights. You may have other rights as well which vary from state to state or province to province. This warranty excludes all consequential damages, however, some states do not allow the limitation or exclusion of consequential damages and therefore this limitation may not apply to you.
