Breezesta

20 Vibrant Colors and Every One is Green™ 

Avanti Collection Dining Side Chairs, Dining Captain's Chair with 42" x 60" Dining Table in Black and Cedar

Until Breezesta™ Poly Outdoor Furniture, the great outdoors wasn't so great on outdoor furniture. Metal rusted. Wood splintered. Paint faded and chipped. Webbing tore. Aluminum frames bent.

In the end, the whole bunch of it was out with the trash and off to the landfill. There had to be a better, more durable and environmentally-friendly way. With Breezesta, now there is.

Every year, Breezesta removes hundreds of thousands of petroleum-based HDPE (High Density Polyethylene) milk jugs and water bottles from America's waste stream.

We recycle this base plastic material at our Pennsylvania plant and convert it into sturdy poly lumber.

The result is safe and maintenance-free material that's fade-resistant, eco-friendly, and tough enough to enhance your customers' outdoor living experience for years to come.

And, Breezesta is what environmentalists call a "full-circle" product. At the close of its useful life, Breezesta poly lumber can be recycled. Again and again.

tête-à-tête

Two Coastal Bar Chairs in Weatherwood with Redwood Tête-à-Tête Table Top

With the new tête-à-tête table you can create two-person seating groups. By attaching the tête-à-tête table to two chair arms you create a small, shared table area (chairs sold separately).

The tête-à-tête table can be used with any of our armed seating options. Match your chair color or

select a complementary color to create unique seating arrangements.

The tête-à-tête table includes a standard umbrella hole but requires an umbrella base for additional support (not included).
